## Jack Taylor School is looking for a new Chair of Governors!

Jack Taylor is an all-age community special school in Camden which is going through an exciting transition from its current site to a brand new school as part of Building Schools for the Future. We are looking for an experienced Chair of Governors to lead a committed and keen governing body through the next four years to ensure that the newly merged school can get off to the best start possible.

In particular we are looking for someone with the following experience:

- Experience of working on a school governing body at Chair or Vice-Chair level, preferably in a special school
- Experience of capital building projects, and ideally Building Schools for the Future
- Experience of the Ofsted inspection process
- Understanding of key school policies
